connection therewith have been considered ! part of his ordinary work. It is true that for a short time a special Water and Drainage sub-department was constituted, but that hama yesterday from Tacoma, and will sail for was more particularly with reference to drainage and the arrangement was regarded merely as temporary to meet a particular emergency. Mr. Coopen was in charge of this special and temporary sub-department, at Nagasaki at 7 a.m. yesterday and left at 3 and, when the late Mr. Brown died, succeed- p.m. for Shanghai, where she is expected to ared to the office of Director of Public Works. Mr. MAY, championing Mr. Cooper's cause in a way but we should think that o'clook, the steam hauch Dayspring, carrying the Bethel flag, will call alongside any vessel officer, himself would hardly approve, says hoisting code pennant to convey mon above of excitement, and also vice-president of the Chamber France, who, however, his right to be jealous to our love of excitement, and also vice-president of the Chamber France, who, however, his right to be jealous to our love of excitement, and also vice-president of the Chamber France, who, however, his right to be jealous to our love of excitement, and also vice-president of the Chamber France, who, however, his right to be jealous to our love of excitement, and also vice-president of the Chamber France, who, however, his right to be jealous to our love of excitement, and also vice-president of the Chamber France, who, however, his right to be jealous to our love of excitement, and also vice-president of the Chamber France, who, however, his right to be jealous to our love of excitement, and also vice-president of the Chamber France, who, however, his right to our love of excitement, and also vice-president of the Chamber France, who, however, his right to be jealous to our love of excitement, and also vice-president of the Chamber France, who, however, his right to be jealous to our love of excitement, and also vice-president of the Chamber France, who, however, his right to our love of excitement, and also vice-president of the Chamber France, who, however, his right to be jealous to our love of excitement, and the chamber France, who is a superior of the chamber of that Mr. Cooper "gets the same salary as to 11 s.m. service at St. Peter's (Seamen's) "his predecessor, and when the two posts Church, returning about 12 30

of affairs. Fortunate indeed! As we! The N. P. Co. a steamer Victoria left Tacoms are told in the report of the Retrenchment on Wednesday for this part via Japan ports. Committee, in 1874 the salaries and personal It will be seen from the advertisament in anemoluments of the indoor staff of the Publi Works Department amounted to \$19,225, in 4884 the amount had increased to \$25,428 and it is now \$49,692. And this is what Mr. Max calls getting work done "free, gratis, and for nothing.

To constitute the Sanitary Board the Water Authority might or might not entail some extra expense. On the whole we should think it would tend towards economy, for it is inconceivable that under a public representative body any increase of expenditum at all analogous to that which has taken place in the Public Works Department could ever

be allowed without something to show for The question is not one to be discussed with special reference to expenditure, lowever. The administration of the water upply vitally affects the sanitation of the town and the health, comfort, and convenience of representative body. In most towns in tyranny of Companies. Mr. CHATHAM, the meeting on Thursday instanced London in any Londoner would tell him that the example of the metropolis in this respect is responded to .- Tokyo Asahi Shimbun. one to be avoided rather than emulated In course of time no doubt London, like the

instances as long as two hundred years and there are special difficulties in the way. And it is open to question whether the tyranoy of the home water companies is anything) like equal to that exercised by our local Water Authority. Companies that charge a rate are under an obligation to give an adequate supply of water to the ratepayers, supply off entirely whenever he pleases, the whole community may on occasions be reduced to going without the usual morning. bath, and there are many houses whose The Best and Chespest Machines in the Market. consumption is limited to what is called "a prescribed domestic quantity " of five gallons a day, The home Companies are, moreover, amonable in some degree to public criticisin and have to be careful not to

> SPORT AND ANECCOTE. BY AN OLD FOGEY.

THE FOOTEALL FAVER We may soon expect an opidentle of football Hies from his accustomed hunnts for four of being talked to death by endless chatter on the winter game. The football fover is a terrible malady when once it seizes its viotims. We hear much of the mortality of cholera and the ravages of Yellow Jack," but these malignant diseases must pale their ineffectual claims before those of football fever. When there is au natureak in any town or village the football fever claims its thousands upon thousands. It is most difficult to escape from the infected area scatneless. It invades the community in most ruthless fashion, and all sarts and conditions of men. women, and adults are attacked. Fortunately the disease does not ulwarsetake this virglent form. During May June July, and August a fev cases may be discovered by the diffgent philanthropist but from September to the" and of April it is peculiar to the English climate. visit our lospitable shores during these eight months carnot be too careful, or they may be stricken in their prime, and find themselves suffering from complication which requires a long and sayare redmen to overcome. The patient is kept at a very high tension, and is in variably in an exable finesse, and savour. Several centuries of citable ad pervous state. Much as he suffers bimself, his riends are still more grieved by his endless and tak football. It is very painful and distressing, so much so that some poor fellows, who are raily "bad cases," are almost as severely avoida as if they were levers. I have on several occasions been so unfortunate as to find myself in the company of a whole roomfull of young eversighed for the silence of a padded room in a luratic asylum / lis a sad sight. The worst of it is that the doctors seem powerless to alleviate

thedistress. But I will no longer employ the

On all sides a murmar | gether at Sunderland, 17,000 st. Newton Heath any white wine is at disadvantge of these eight matches was over 12,000, and the I am glad to say that nothing more serious after inscious Iquin or Ricusseo. No dobt total money received at the gates was estimated the first meeting between Sunderland and Aston is to be able to say that served after them hey to play three matches ere they could satisfactorily settle the question of superiority. At as I say. £960; at the second match £100. and at the third £300. These flower speak eloquently for the popularity of fotball. Let me, however, refer to the Association match played at Glasgow on April 7, between England and Scotland On that day 39,356 people each paid is, for admission, and 2,001 paid 6d. Some 3,750 other persons were also, on the ground, so that this great battle was fought in the presence of 45,103 spectators, the total receipts being E2.641 13s 6d. This so far as I know is the biggest assembly and the handsomest "gate" on record in these islands. Can it be said after such omild Australia be? i watched again intently evidence as this that professionalism has killed the game, and that interest is waning. I trow

THE LOYD OF EXCITEMENT. When I have looked round a field on some of these occasions L have often asked myself why football is so beloved by the masses? How is it? Is it because football comes to kill what is often called the dull season P Fontball is with no when the days are short and disimal and the nights are long and dark. It comes as a boon and a blessing to man when he most needs chear and comfort. When sombre skies sadden hom nitv. when Sauvignon grape slone. He explied to me pieroing winds sweep o'er the plain and chill as. fluttering reception of the Australian wines how to obtain the delicnoy of the graf Bordenux, when the world too of the Australian wines how to obtain the delicnoy of the graf Bordenux, when the world too of the Australian wines how to obtain the delicnoy of the graf Bordenux. and when life is naught but a galling load, then composed of several kinds. "Coe to me to comes footabill to dispel our moody melancholy. to make the blood comest quickly and warm'y through our veins to throw vivacity into jaded folk and arouse us to life and action. Fo t all does all this and more, both in the player and As to the speeches we had shorthand spectator, by reason of the excitement i orontes. develops, and snathing. Love of excitement in men and women is the secret of the facination of football. From the cradie to the grave we are all everlustingly in search of some form of movelt v of note, and a few representatives of the great France. The Prince Gal to was almost and excitament. The craving for horelty and excitement are mainsprings of action within most of us. We are always hankering after something Soferigns on congo meet there. The best wines wither French, English, nor detraine could new something we have never seen before, somethat France produces were served at one dinner, but re a Franch, English an Australian and thing that is thrilling and blood stirring, Those and at the same time, some samples of those deuce have spoken as he did. We were about who lead the quietest of lives, the most monotomaking very good white mes in his fine weary round year in year out but most of thom A few days ago a friend of mine sent me a copy country. Crimes, but that illhough he im - nearly all - have some titillations of excitement if we could but know thom. In their search for excitement some people drink strong liquors and stimulants, some take opium and drugs hunt the theatre some revel in the delicious delights of soul-stirring music, some page the liard tables, some love to the with the "devil's Owser moritari to salutant No doubt this was proture books, Isome fall in and out of le e and get married and divorced, and thousands go to the football field-all; all in search of excitement. We are so restive that some of us find excitement even in our religion, which is surely meant to bring place and calmoss by its France, M. Zrissonniere Senateur, vice-pro. being aware of it, treates of good wilds common herd. Football primarily appeals then THE INSTINCTS OF OUR RICE.

But it does more than this. Populal appeals so nowerfully to the instincts of our race. It

only between two dogs. The uncertainty of the issue is a great charm in these matters. * Cricket ? we English worship action, and on this principle to "dio," and so t failed to "take". The man, Dakin Couleky La Co. fortball is popular. There is no room like the nothing daunted then agreed to the surgeon's Dairy Farm Co. the free surrender of oneself to passing gusts of laurgeon and the courage of the patients emotion is a training in justifulity of character. and purpose." This is all very well, but if ive all regulated one conduct and action by the calm stability of character and purpose. He remains loyal to his club in the hour of victory and in that day of defeat. His is astrong love, and his one purpose, his sole object is to see his by your to organisation capable of giving any eleven a desperate 90 minutes. Look you, he does not altogether care about having a team which can liek erention so to. speak. There is but a modicum of fun in seeing me team thrash another by 14 goals to none. It

represent half the outoyment of some hard fourth. majority of one goal to nothing. A strange fact l -but absolutely true according to my observe. tion—is that clubs which are too powerful do not command sightsears. If the issue of a contest is a certainty three parts of the charm of the socalled strug. le is lost. Giver and over again has public patronage fallen away from clubs after they have won the National Cap. It was so with the Blackburn Olympic-thefirst to bring the trophy of corn I am afred He would not be sife in the into the provinces. They paid a terrible populty for their vardalism, says the Southerner. The Blackburn Rovers, West Bromwich Albion, and Society. Wolverhampton, Warderers have all languished for support offer securing the old silver vasa. You see ambition has been realised. The eleven has killed interest in itself and its doings by its success. This has likewise beek the experience of Sunderland after sustained and brilliant efforts in the League tourneys. The public could only be areased out of lethargy by the

prospect of a stern struggle! OTHER REASONS FOR POPULARITY, In addition to the excitement which football affords the laughter it provides by its rough and tumble character, the fierce joy it occasions by polo, and cricket, the ball is an illiand its · connot lose sight of a football. Yes, was found that amputation and coinsed the flagor, chinese bour well, outburst of 12,000 people convulsed by the suggestion that one of the patient shown flavors allowing the convulsed by the sight of two twolve-stone men relling in the should be out off to furnish the nasal organ, but in three ishaid Comput mud and rising with a vast patch of mother order that the finger should not be wasted in the earth on the side of the face, or a trade-mark event of this operation being musicossful, the H. A.C. Baker upon the south-western extremity of what patient's arm was encased in pluster, and for four Hongkoug & C. Gas were, may be, white knickerbookers. There is a weeks he had to held his "live "finger to his face supreme and irresistible seaso of satishection in in the hope of its taking root. This it did The Boding somebody else in such a situation. And flagerwas then taken off the hand, and now rethen when the players themselves smile abtheir mains fixed as a mose. It has been manipulated, picturesque plight, and forgetting their tumble so that it is no longer to be recognized as a line w Dock and

in the mud, continue the strife, why ta good finger and the process of shaping it is being for us all to see. A philosopher declares that proceeded with. This surely, concludes the news " it is the swamping of reason by feeling which agency, is one of the most remarkable operations one sees in almost every case of excitability; and on record, and spake volumes for the skill of the The case of the Sunday Observance Bodiety egainst the Lands Sunday Lecture Society has voice of reason what a dull and respectable world-been concluded, judgment having been given it would be. The football devotes has plenty of for the defendants and Max O Religible includer. takes the Secretary of the Observance Society to lask as follows in a letter to the Chronicle: feel sure that you will believe me when I tell you that it would be purest affectation on my part to say that I am in the least concerned about the criticisms the secretary of the Lord's Day Observance Society may wish to pass on this or any other of my lectures A lecture which for years has been noknowledged to be a lesson. may swell the goal average and look very well in conveyed in a humorous form in international the annual returns, but, bless you, it does not courtesy and good feelings, this "Christian" secretary has never heard. Yet he writes to the gains in which victory is see red by the bare papers and declares it to be made up of walker jesting. Nothing in it to forgive, bothing in t to admire. Christ was crucified by the Sabbatarians and the Pharisees who 2,000 years ago aired their self-righteousness in Polestine. If He should return to the earth He would be again. crucified by the Substarians and the Phariseos of the present day When I think that our Lord is reported in the Gospel to have taken a walk on

sacrilegious hands of the Lord's Day Observance The Buston Herald takes to task those people vho periodically hamoan the degeneration of the American people. Athletic sports, it says, have gained possession of the thought of the young sople, and are all the rage. It may be eveling. or playing tennis, or a game of baseball, or riding horseback, but everywhere it is the attempt to throw off superfluous energy, and when the hours of work are over, the whole bent of the young people. both men and women, is to use their evergy in the development of muscle and physical power. The interest in athletics is now | Sas goueral, and the fact that the girls have so reason of its man to man struggle, we must not universally attended the rendezvous of athletic overlook other points which make it to popular, sports has resulted in their developing an in-With a large hall, on a large ground, it is a terest in them on their own account It. game which is eminently adapted to please large only a few years since we have hed a girls numbers of people. In lacrosse, lawn tennis, gymnesium, and now young women are seen on the road almost as frequently, as young men. rapid movements more difficult to follow, One using their bioyeles with the same darterity and success. They have vindicated their rights which conduces to the popularity of the game is to a share in athletic sport, and it is doing them its simplicity. Lawn tennis and golf arestoo in great service. A pertain class of men and wo men in America are so bent upon albletics that huminity. They are sports for educated players; there can be no question that they will develop in these Tables are referred, as 3.97 feet above zero. not for spectators unless one line bud experience superb and fine physiques They lake every of the courts and the links. New in footbil any pains to secure this result. They are a great dullard can soo that the object of each side deal in the open ar, they have time for athletic is to shoot the ball between the posts sports, and they make an effort to do their very of one's opponents, and prevent them from best. The tendency on the part of clerks, lawretaliating in the same way. It is as simple yers, and business men to engage in these sports, simply as a matter of recreation has ever experiences in football is in reference been on the increase. If the interest in athle: Barometer 9 A.M. 29.47 Therm: 9 A.M. (Wet bull) 76 to the question of off side. But you may leave tio sports has done nothing more than to eall off, hard-working Americans from their too

In addition to its shikebility for spectators, and great concentration upon their business, it will its simplicity of purpose we must not forget that be worth all it has obst. The newness of the "hermoni 4 rest. 76 might might might ment of the members of the reservoir. our winter pastime is above all things a poor country and the look of established social inman's recreation. Econ it one plays it is not a stitutions have stood in the way of our people, and prayented them from using the relaxations sightsners it is remarkably cheap. It hols and angaging in the sports which Englishmen not make great demands upon our true from time immemmial have always been ready and the prices for admission oven to the very to promote and enjoy. This is the secret of the proverbigl robusiness and health iness of English men. They have red blood in their veins, and season ticket of a good club brings an ample re- are as lusty as young eagles. It would seem as tura. Then, too, football unconstitutive appeals the time had come for our own people to imitate to us as typical of life; its pleasures and disaptithe English in their social and physical life by attending as much to our bodies as to our downs, its blows and ouresses. There was once fortunes. a great f atball match played in Ettrigiz Forest,

NOW READY THRONICLE AND OHINA, JAPAN, STRAITS, &c., &c.,

HIRTY-SECOND ANNUAL LABUE. and will co found, as usual, to show an advance on preceding years both in fulness and accuracy. The DIRECTORY covers the whole of the ports and cities of the For East, from Pouspetto.
Vladivostock in which Europeans reside. Not only is the Directory as full and complete in each case as it can be made, but each Colony. Port of Settlement is prefaced by a DESCRIP. TION carefully revised pach year some of which will serve as accurate Guides for the Tourist plying every detail in connection with the places, their History, Topography, i.e., 60.
The Information afforded in these Descriptions alone would suffice to fill an ordinary volume. consisting of ever Exoury bighly interesting articles, packed with facts concrety set out, and containing statistics of the TRADE of each Cono-

With which is incorporated

THE CHINA DIRECTORY.
